

Med-Cert Portal

1. Course Catalog & Specialization

1. Content Delivery Format

- Video lectures (primary)
- PDF guidelines / reading material
- Interactive modules (MCQ quizzes, case-based scenarios)
- Live webinars (optional future phase)

Expect: each course contains 4–8 modules, 10–20 minutes per module.

2. Course Completion Criteria

A learner is considered “completed” when:

1. 100% video modules viewed
2. Passed the final test
3. Completed required forms/feedback

3. Finalized Specializations

Doctors:

- Family Medicine
- Internal Medicine
- Emergency Medicine
- General Practice
- Dermatology
- Pediatrics
- Obstetrics & Gynecology
- Surgery (General)
- Radiology
- ICU/Anesthesia

Nurses:

- General Nursing
- Emergency Nursing
- ICU Nursing
- Pediatric Nursing
- OR Nursing
- Dermatology Nursing
- Community Health Nursing

4. A Course Belonging to Multiple Specializations?

Yes. Example: “Airway Management” applies to Emergency Medicine + Anesthesia + ICU.

5. Qualification Requirements per Course

- Basic medical/nursing license
- Some specialization courses require:
- Minimum experience (e.g., 1–2 years)
- Prior course completion
- Facility endorsement (optional)

6. Qualification Verification Method

- Manual upload of license/degree
- Automated validation via integration with:
- MOHAP
- DOH
- DHA licensing database (future phase)

7. Free vs. Paid Course Distribution

- Free: ~30%
- Paid: ~70%

8. Price Range for Paid Courses

- Standard courses: 150 – 450 AED
- Advanced/specialty: 500 – 1500 AED
- Certification courses: 1200 – 2500 AED

9. Course Bundles / Institutional Discounts

Yes.

Rules:

- Bundle discount: 10–25%
- Institutional discount (min 10 learners): 20–30%

10. Preferred Payment Gateways

- Stripe (primary)
- PayPal
- Tabby/Tamara (optional later)
- Bank transfer for institutions

11. Enrollment Restrictions

- General courses: open to all
- Specialized courses: restricted to relevant specialization + license type

12. Waitlist Support

Yes, system should support waitlists (FIFO order).

2. Certification & Testing

14. Certificate Authority Name/Logo

- Med-Cert Institute logo
- DHA/MOHAP logo (only for accredited programs)
- Instructor signature (optional)

15. Digital Signature Required?

Yes:

- Institution Director
- Course Instructor

16. Auto-Grading for Objective Tests

Yes — system should auto-grade MCQs and display score instantly.

17. Grading for Subjective Tests

- Graded by Instructor or Admin
- Expected turnaround: 3–5 working days

18. Min/Max Questions per Test

- Minimum: 10 questions
- Maximum: 50 questions

19. Random Question Bank?

Yes — each test pulls randomly from a larger question bank.

20. Passing Score

Standard: 70%

High-stakes courses: 80%

21. Test Time Limits

Yes — default: 30–60 minutes, depending on course.

22. Retake Rules

- 2 free retakes
- Additional attempts require admin approval or extra fee.

23. Certificate Unique ID

Yes.

Format: MC-YYYY-COURSEID-USERID-XXXX

24. Public Certificate Verification Portal

Yes — accessible using certificate ID.

25. Certificate Expiry

Yes for clinical competency courses:

- Validity: 1 year
- System sends reminders 60 and 30 days before expiry.

3. User Profile

26. Mandatory Registration Fields

- Full Name
- Email
- Phone
- Profession (Doctor/Nurse)
- Specialization
- License Number
- Country + Emirate

Optional:

- Facility name
- Experience years

27. Upload of Licenses/Degrees

Yes — mandatory for enrollment in restricted courses.

28. Dashboard Items

- Enrolled courses
- Certificates
- Upcoming tests
- Deadlines & expiry alerts
- Progress tracker
- Recommended courses

29. Profile Visibility

- Admins: full profile
- Other users: only name & profession (no license details)

Smart-Pro Portal

1. Dubai Health Authority (DHA)

30. Access Type

Super-admin access across all facilities, regardless of region.

31. Editing Guidelines

DHA can:

- Upload PDFs
- Publish announcement pages

- Edit guideline text directly inside the portal

32. Scheduling Inspections

Yes — DHA can schedule, and facilities receive auto-notification.

33. DHA Dashboard Metrics

- Overall compliance score
- Facility risk categorization
- Upcoming expiries
- Violations trends
- Inspection calendar

34. Communication of Guideline Updates

- In-app notification
- Email alert
- Version history log
- Mandatory acknowledgment option

2. Healthcare Facility Owners

35. Subscription Tiers

Basic:

- Read guidelines
- Upload documents
- Basic compliance score

Pro:

- Task assignment
- PRO management
- Alerts & workflows
- Inspection preparation dashboard

Enterprise:

- Multi-branch management
- Custom KPIs
- API integrations
- Dedicated account manager

36. Authorized Signatories

- CEO
- Medical Director
- Facility Owner
- Quality Director

37. KPIs for Owners

- Compliance score
- Audit summaries
- Financial status (subscriptions)
- Risk areas
- Staff compliance training status

38. Delegation Rules

Yes — owners may delegate access to PROs, QMs, Admin staff.

3. PROs (Compliance Coordinators)

39. Number of Facilities

Unlimited — based on owner assignment.

40. Compliance Coordination Workflow

1. Upload required documents
2. Track expiries
3. Assign tasks to staff
4. Prepare for inspections
5. Close action items
6. Submit to DHA for approval

41. Required Documents

- Facility license
- Staff licenses
- Training certificates
- Inspection reports
- Medical waste contracts
- Equipment calibration records

42. Document Approval Workflow

Yes:

Draft → Review → Approved → Submitted

4. Compliance Officers

43. Inspection Criteria/Checklist

- DHA standards
- Infection control
- Safety
- HR licensing
- Records management
- Equipment compliance
- Waste management

Include 0–2 scoring for each item.

44. Mobile-Friendly + Offline Mode

Yes — mandatory.

45. Action Item Categories

- Critical
- Major
- Minor

46. Action Item Fields

- Description
- Category
- Due date
- Assigned to
- Evidence upload
- Status
- Comments

5. Facility Managers

47. Daily Dashboard

- Task list
- Overdue items
- Action items
- Compliance score
- Upcoming inspections

48. Daily/Weekly Logs

Yes — logs for:

- Temperature logs
- Cleaning records
- Equipment checks
- Infection control audits

49. Evidence to Close Action Items

- Photo
- Comment
- Staff signature
- Timestamp

50. Auto-Reminders

Yes — reminders 7 days, 3 days, and 1 day before the deadline.

C. General (All Users)

51. Account Creation Method

- Bulk upload by admin
- Self-registration with access code (for facilities)
- Regular self-registration (students)

52. Notification Channels

- Email (primary)
- SMS (critical alerts only)
- In-app (all activities)

53. Standard Reports Required

- Facility compliance report
- Audit summary
- Staff license expiry report
- Training completion report
- Inspection checklist report
- Document status report
